KONDETI SWATHI SRIDEVI

SALESFORCE HEALTH CLOUD MANUAL TESTER

swathisridevikondeti@gmail.com | Dowlaiswaram, Andhra Pradesh - 533125

PROFESSIONAL SUMMARY

Manual testing professional with 3+ years of experience at Accenture, specializing in Salesforce Health Cloud applications for the healthcare domain. Skilled in functional, regression, and retesting activities, with hands-on experience in test scenario design, test execution, defect reporting, and fix validation. Strong manual testing focus, supported by an MBA in Human Resource Management.

CORE COMPETENCIES

Testing: Manual Testing | Functional Testing | Regression Testing | Retesting

Quality Delivery: Test Scenarios | Test Cases | Defect Reporting | Fix Validation

Platform: Salesforce Health Cloud

Manual QA Focus: Requirements Analysis | Test Execution | Defect Lifecycle

PROFESSIONAL EXPERIENCE

Accenture | Manual Tester - Salesforce Health Cloud

Sep 2023 - Present

- Execute end-to-end manual testing for Salesforce Health Cloud applications supporting healthcare business workflows.
- Analyze functional requirements and translate them into clear test scenarios, test cases, and expected results.
- Perform functional, regression, and retesting cycles; document test evidence and communicate execution status.
- Log defects with reproducible details, validate resolved issues, and verify that fixes do not affect existing functionality.
- Coordinate with project teams to clarify requirements, track issues, and support release-quality validation.

PROJECT EXPERIENCE

CalOptima | Salesforce Health Cloud

- Performed manual and functional testing for a healthcare-focused Salesforce Health Cloud implementation.
- Executed planned test coverage, reported defects, validated fixes, and supported regression testing for application changes.

CSH | Salesforce Health Cloud

- Supported Salesforce Health Cloud testing from the beginning of the Accenture tenure.
- Prepared and executed test cases, captured results and evidence, and followed defects through validation and closure.
