KONDETI SWATHI SRIDEVI

TECHNOLOGY PROFESSIONAL | REACT, CLOUD & DEVOPS FOUNDATIONS

swathisridevikondeti@gmail.com | Dowlaiswaram, Andhra Pradesh - 533125

PROFESSIONAL SUMMARY

Technology professional with 3+ years of enterprise experience at Accenture in Salesforce Health Cloud quality delivery. Combines hands-on manual testing, requirements analysis, defect investigation, regression validation, and release support with foundational knowledge of React front-end development, cloud services, and DevOps practices. Brings a quality-first approach to building, validating, and supporting reliable applications across the software delivery lifecycle.

CORE COMPETENCIES

Front-End Development: React Fundamentals | JavaScript | HTML5 | CSS3 | Responsive Web Design

Software Delivery: Version Control with Git | REST API Fundamentals | SDLC | Application Debugging

Cloud Technologies: AWS & Azure Fundamentals | Compute | Storage | Networking Concepts

DevOps Practices: CI/CD Fundamentals | Docker & Container Concepts | Deployment | Monitoring

TARGET PROFILE

Targeting React front-end, cloud support, and junior DevOps opportunities where enterprise delivery experience, application-quality expertise, and developing technical capabilities can contribute to reliable software delivery.

PROFESSIONAL EXPERIENCE

Accenture | Manual Tester - Salesforce Health Cloud

Sep 2023 - Present

- Execute end-to-end manual testing for Salesforce Health Cloud applications, applying a quality-first approach across requirements review, validation, and release readiness.
- Translate functional requirements into clear test scenarios and test cases, strengthening understanding of application behavior, user workflows, and software delivery lifecycle practices.
- Investigate defects, reproduce issues, analyze expected-versus-actual behavior, and collaborate with project teams to support debugging and reliable resolution.
- Perform functional, regression, and retesting cycles; maintain test evidence and verify that application changes do not affect existing workflows.
- Support release-quality validation and cross-team coordination, providing transferable experience for front-end development, cloud delivery, deployment, and monitoring-oriented roles.

PROJECT EXPERIENCE

CalOptima | Salesforce Health Cloud

- Performed manual and functional testing for a healthcare-focused Salesforce Health Cloud implementation.
- Executed planned test coverage, reported defects, validated fixes, and supported regression testing for application changes.

CSH | Salesforce Health Cloud

- Supported Salesforce Health Cloud testing from the beginning of the Accenture tenure.
- Prepared and executed test cases, captured results and evidence, and followed defects through validation and closure.

EDUCATION

Qualification	Institution / University	Period	Result
MBA - Human Resource Management	Andhra University	Jan 2026	3.74 CGPA; First Class with Distinction
BCA	Aditya Degree College, Rajahmundry | Adikavi Nannayya University	2019-2022	9.0 CGPA
Intermediate - BiPC	Sri Chaitanya Junior Kalasala, Rajahmundry	2016-2018	9.21 CGPA
SSC	Sri Harshavardhana Public School, Rajahmundry	2015-2016	9.5 CGPA

PROFESSIONAL STRENGTHS

Analytical Thinking | Attention to Detail | Quick Learning | Communication | Team Collaboration
